

REMARKS BY LENDAL VICTOR
27 July 2009

Good afternoon everyone.

Like Mum Kari said, my name is Lendl Victor - I am the grandson of Lul.

Our family planned this Summit for a long time.

It's for our gagas - our uncles - that we have this Summit.

We think of the past and we dream for the future.

We are making our dreams come true.

For me, I think about my grandparents and my uncles and I feel so much encouragement from my family to do my very best in life.

I have the best family you could ever find.

I'm just a young fella - but with my life ahead of me, I can't wait to find out what I'm capable of doing and what this Summit can do and what all of us together can do, now and when we go back and keep working.

From the youth of Billard, a big welcome.

Have a great time here with us and I hope we can meet one to one to catch up during the Summit.
